

## **AACO Policy and Information Statements**

From time to time, the AACO Board of Directors and/or the membership (at a business meeting) may adopt certain policies to provide guidance concerning the management and activities of the association and its members. In addition, certain informational statements may be issued in order to provide clarification or context concerning subjects relevant to the practice of orthoptics.

Individuals with questions about any of the following documents may contact the AACO's administrative office.

### **Bylaws**
